About Red Elephant Pizza & Grill

Red Elephant remembers that before today's world of social networks and Blackberries, eating together was the original interactive experience.

Red Elephant offers guests the perfect place and the perfect food to share. We welcome families sharing good times together, couples sharing "date night," and teammates sharing victory (or defeat) over a great meal. Red Elephant is a place for friends to gather, for colleagues to connect, and for community groups to join with one another and enjoy everyday life in the neighborhood.

It's a let-your-hair-down, laugh-out-loud (even if you laugh too loud), be-together-with-friends-and-family spot. Warm and friendly service... quality, hand-prepared food... an upbeat atmosphere that's polished without being uptight – all at an affordable price. It doesn't matter whether you're 8 or 80, Red Elephant is a place for everyone.

Atmosphere

A place named after a favorite childhood stuffed animal had better be fun. The atmosphere at Red Elephant is like a community block party for families and friends at dinner. At lunch, it's also a great place for community gatherings. Everyone from local business people to neighborhood groups (like book clubs) will find a wonderful place to meet – and eat – at Red Elephant.

The open design means all of our guests can see and be seen. They can get a view of the fresh, tasty food being prepared in our open kitchen.

Kids love Red Elephant for the game room and because our servers talk *with* our youngest guests, not down to them. Parents love the warm and welcoming environment. (Moms especially love how clean everything is.) Guests without kids appreciate the polished atmosphere and full bar. And everyone loves the whimsically delightful folk art by artist John "Cornbread" Anderson.

Menu

At Red Elephant, we know that the freshest ingredients are the foundation of really good food. Our specialty pizzas are the star of our menu and satisfy your pizza

cravings, whether for traditional pepperoni or one of our unique specialty pizzas like barbeque chicken.

But Red Elephant goes beyond pizza. Our Fired Grilled Entrees – including sirloin, chicken, mahi mahi, and salmon – can be paired with one of our original tasty toppings: a balsamic wine reduction; a zingy Asian glaze; a creamy, sun-dried tomato, and roasted red pepper sauce; or a lighter Mediterranean mix of olives, capers, tomatoes, and feta. And, of course, an amazing grill needs an amazing burger. Our flame-grilled Elephant Burgers and hearty sandwiches have quickly become house favorites.

In the mood for something lighter? Try our Greener Pastures offerings, which include a wide range of fresh, crisp salads, topped with homemade dressings customers crave. Two that have become classics are the Siesta Key Salad – loaded with hickory ham, smoked turkey, apples, fresh strawberries, cinnamon pecans, pineapple, red onions, and feta cheese – and the Rebecca Salad, featuring grilled chicken on a bed of mixed greens with chopped egg and bacon bits, red onions, cheese, tomatoes, cucumbers, and homemade croutons.

And let's not forget dessert! Kids and adults alike love to share our famous Homemade Elephant Ears. . . and our 1001 Chocolate Chip Cake.
