

## **Press Acclaim and Accolades for Red Elephant. . .**

Voted "Best New Restaurant" and "Best Pizza".

-- *Panama City News Herald "Best of Bay"*

"Red Elephant Pizza and Grill does for pizza, salads, and sandwiches what Bonefish did for seafood and Carrabba's did for pasta. It devised a clever concept, polished its product, priced it sanely, created a slick environment, and now it's opening to SRO crowds. It's big, looksy, casual, and lots of fun....Johnny Schrowang and company just may have a hit on their hands."

"Red Elephant [is] an incredible restaurant. This is a place – and an investment opportunity – to watch."

"Red Elephant bucks the trend. Papa Gus' Pesto Pizza...feature[s] a zesty pesto sauce, mozzarella cheese, spinach, mushrooms, and roma tomatoes. It could have held its own at an 'adult' establishment. Equally successful was the Elephant Burger (again, bring your appetite)....In short, Red Elephant delivers on its promise of a welcome environment for your kids – and tasty food, as well."

"I had been to the Red Elephant Pizza and Grill...and had the pizza, which was good enough to bring me back. But it was the second time that really got me hooked....We were too impressed with our entrees to share."

"If you see the Red Elephant on State 77, it is time to starting eating. . .This place is exactly what I needed...and what we've kind of been missing around here. The open-air setting was ideal for an energetic kid with a parent who did not want to worry about annoying the people in the next booth....We shall return."
